Principal's Award Criteria

The Principal's Award is an important part of Canowindra High School's 'Student Recognition Policy'. It is the highest possible award a student at Canowindra High School can achieve and thus is intended to be achieved by students who make exemplary contributions to the school during the school year.

To be eligible for the award, a student must:

- Have made exemplary contributions to Canowindra High School in all of the following areas:
 - Excellence
 - Respect and Responsibility
 - Participation
- Have achieved Platinum level in the Student Recognition Policy
- Articulate their achievements at Canowindra High School during the previous twelve months and justify why they should receive the award in written and interview format.

Year Advisers and other staff will prompt students who they consider to have met the above criteria to consider applying for the Award towards the end of each calendar year. Alternatively students can nominate themselves.

Students must complete the form (attached) outlining the reasons for their nomination.

Students must then organise the final phase of the application process by taking the completed form (attached) into the front office **and at the same time** make an appointment for an interview with the Principal.

During the interview, applicants will be expected to justify why they have met the criteria for the award.

If the student successfully accomplishes the above, the Principal's Award will be presented at Canowindra High School's annual Presentation Night. It is intended the success or otherwise of each applicant will be a surprise revealed on the night.
