## Principal's News

We're back! It is fantastic to be able to have all the students and staff back at school full time and to once again get back to teaching and learning in the "normal" way. Students returning to school today are back in their regular classrooms following their normal timetable. Some restrictions within the school still remain and the cleaning regime and hygiene practices that have been happening for the past six weeks of schooling will continue.

A massive thank you on behalf of our staff to every parent, carer, family member and friend who has supported our students with their learning over the past eight weeks. It has been a massive task to take on and we have appreciated the effort you have taken to keep our students engaged, motivated and completing at least some of the work posted. It has been a unique experience for us as educators to deliver lessons completely online and via Zoom and I am sure we have also learnt from the many creative ideas and approaches many parents have adopted. The old saying, it takes a village to raise a child could never be more true because, during this unique time, it has taken our village to educate our children. THANK YOU!

Last week the Department of Education released information with respect to people entering the school grounds. At this time there should be no parents or visitors on school sites unless they are essential. We therefore ask that, if possible, all parents please contact the school by phone rather than coming into the administration office. If there is a reason that you do have to attend the school it must only be to the front office where all hygiene and social distancing requirements are to be followed including use of the supplied hand sanitiser.

Congratulations to our Year 12 Hospitality students who once again have completed another competency assessment. Last Tuesday the staff were the lucky recipients of a catered finger food lunch which would equal any that could be found in a restaurant. Thank you to Mrs Pickering and the students for such professional service.

Last Wednesday all teachers participated in a professional learning session focused on improving reading across the different learning areas. Improved performance in Reading is one of the Premier's Priorities and a milestone in our school plan. A further session will be held mid next term and then, later in the year, we will look at the growth data for students in reading collected by faculties to help determine any future actions or support required.

# Year 10 Vaccinations

## Thursday 11 June 2020

Health

On Thursday 11th June all Year 10 students will receive their Meningococcal vaccination. The vaccinations will start at 9:00am and students will be sent to the office opposite DP's by their teachers.

## NSW Health is ensuring that students are safely vaccinated at school during COVID-19

### - Information for parents/guardians

NSW Health has been working with education authorities to implement additional measures to ensure that students in Year 7 and 10 can be safely vaccinated during the COVID-19 pandemic.

#### Program background

In 2020 NSW Health is offering the following vaccines:

YEAR	VACCINE	NUMBER OF DOSES
Year 7	Human papillomavirus (HPV)	2 doses at least 6 months apart
	Diphtheria, Tetanus and Pertussis (dTpa)	1 dose
Year 10	Meningococcal ACWY	1 dose

While the school vaccination program has been disrupted due to low student attendance, students are progressively returning to school over the coming months.

#### Additional measures

NSW Health has implemented additional measures based on expert clinical advice to reduce the likelihood of COVID-19 transmission in school clinics, including:

- health screening of nurses before clinics
- pre-vaccination screening of students
- physical distancing restrictions at the clinic entrance & observation area
- ensuring the number of students and nurses at the clinic does not exceed the maximum allowed
- enhanced hand hygiene by nurses and students
- enhanced environmental cleaning of all surfaces

#### What parents/guardians should do

Parents/guardians should ensure that students with influenza-like symptoms do not attend school and are tested as soon as possible ([www.nsw.gov.au/covid-19/symptoms-and-testing](http://www.nsw.gov.au/covid-19/symptoms-and-testing)). There is no need for parents/guardians who have given consent for their child to receive vaccinations at school to take any action. Parents/guardians who have not provided consent can contact their local public health unit on 1300 066 055 or their school for advice on how to provide consent for vaccination.

#### When students will be vaccinated

Public health units are arranging clinics with schools so that vaccinations can be given to students as soon as possible.

#### More information

Information about school vaccination during COVID-19 is available at [www.health.nsw.gov.au/schoolvaccination](http://www.health.nsw.gov.au/schoolvaccination)

## Mapping the News

80-year old Australian Jon Sanders is on his 11th solo circumnavigation of the world. His voyage will take him between 9-12 months, stopping at 11 ports sailing over 27,000 nautical miles (50,004 kilometres). In conjunction with Professor Kliti Grice and her team from Curtin University, Jon is measuring the amount of microplastics in the Southern Hemisphere oceans with a report to be published after the voyage detailing their findings.

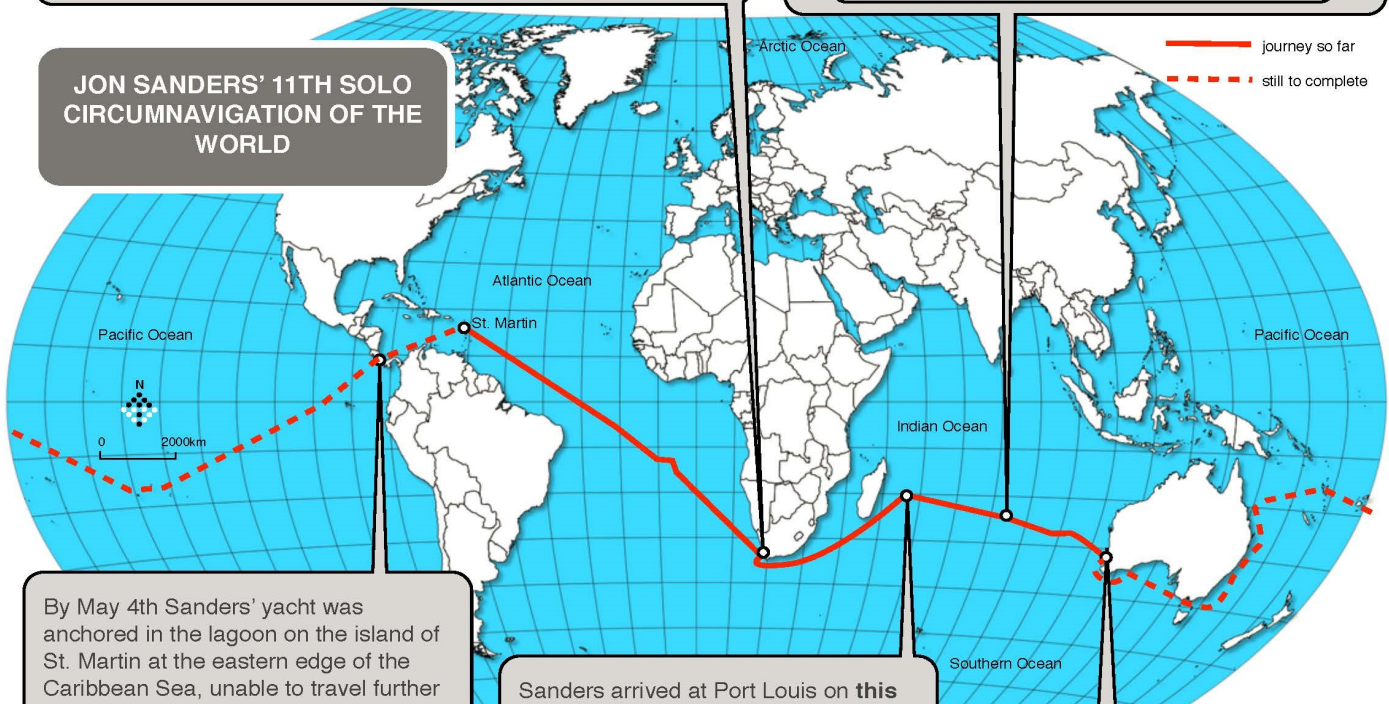

9th January - arrived in **this South African city** and was supplied with a boat pen by the Royal Cape Yacht Club.
